I. OVERVIEW

A. Introduction

The City of Loma Linda (“City”) annually levies and collects special assessments in order to provide and maintain the improvements within the Loma Linda Street Light Benefit Assessment District No. 1 (“District”). The District has been formed and annual assessments are established pursuant to the *Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code* (the “1972 Act”) and the California Constitution Article XIIID (“Article XIIID”).

The Engineer’s Annual Levy Report (“Report”) describes the District, any changes to the District, and the proposed assessments for Fiscal Year 2006/2007. For the purposes of this Report, the word “parcel” refers to an individual property assigned its own Assessor’s Parcel Number (“APN”) by the County of San Bernardino (“County”) Assessor’s Office. The County Auditor/Controller uses APNs and specific Fund Numbers to identify properties on the tax roll assessed for special district benefit assessments. The proposed assessments are based on the historical and estimated costs to maintain the improvements that provide special benefit to properties within the District. The improvements within the District and the corresponding costs that make up the annual levy and that are budgeted and assessed to the District include budgeted expenditures, deficits, surpluses, revenues, and reserves. Each parcel is assessed proportionately for only those improvements provided and for which the parcel receives special benefit.

Following review of the Report and consideration of public comments and written protests at a noticed public hearing, the City Council may order amendments to the Report or approve the Report as submitted. Following approval of the Report, the Council may order the levy and collection of assessments for Fiscal Year 2006/2007 pursuant to the 1972 Act. In such case, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll for each benefiting parcel for Fiscal Year 2006/2007.

B. Compliance With Current Legislation

On November 5, 1996, California voters approved Proposition 218. This Constitutional amendment was the latest in a series of initiatives altering the revenue-raising discretion of California’s local agencies. The provisions of Proposition 218 are set forth in the California Constitution Articles XIIIC and XIIID.

In Article XIIID Section 2 (b), “Assessments” are defined as:

“...any levy or charge upon real property by an agency for a special benefit conferred upon the real property. ‘Assessment’ includes, but is not limited to, ‘special assessment,’ ‘benefit assessment,’ ‘maintenance assessment,’ and ‘special assessment tax.’”

Street lights and traffic signals are installed on and for street purposes and are maintained and serviced to allow the street to perform to the standards it was designed. Assessments for the maintenance and servicing of streets include street lights and traffic signals, and pursuant to the provisions of Article XIIIID Section 5(a), existing assessments for street maintenance are exempt from the procedural requirements of Article XIIIID Section 4 until such time that the assessments are increased.

It is the Assessment Engineer's understanding that the assessments were to fund a degree of maintenance and servicing, which can fluctuate from year to year. As long as the maximum assessment for any prior year is not exceeded in future years, assessment balloting is not required.

II. DESCRIPTION OF THE DISTRICT

A. District Boundary

The boundaries of the District are coterminous with the City as shown on the map entitled, "Diagram Street Light Benefit Assessment District No. 1, City of Loma Linda, California" which is on file in the Office of the City Clerk, City of Loma Linda, California.

B. Improvements Within the District

The improvements in the District are for maintenance and servicing of streetlights, traffic signals and intersection lighting. They are an integral part of the entire street, the same as curb, gutters, pavement, signage and striping. Taken as a group, they are the elements that provide a safe route for motorists.

Street lights and traffic signals are installed to make streets safer. The traffic signals assign the right-of-way for motorists. Street lights are installed to provide better visibility for drivers. One hundred (100) percent of the illumination from the lights is directed to the street, ninety (90) percent on the street side of the curb and ten (10) percent behind the curb. The spacing of the lights is based on the speed of the vehicles and the natural ability of the motorists' eyes to adjust to lighter and darker areas.

The existing street light and traffic signal improvements are owned either by the Southern California Edison Company, the State of California Department of Transportation, or the City. Facilities owned by either the Southern California Edison Company or the State of California Department of Transportation were constructed in accordance with plans and specifications on file with the respective owners. Facilities constructed for or by the City are on file in the City offices. Reference is hereby made to said plans and specifications and they are by reference made a part of this report to the same extent as if said plans and specifications were attached hereto.

Although the 1972 Act allows for the construction of improvements and the assignment of the benefit assessments associated therewith, it is not anticipated that any new improvements will be installed nor benefit assessments made for the installation of improvements for the 2006/2007 fiscal year.

III. METHOD OF APPORTIONMENT

A. General

Pursuant to the 1972 Act and the provisions of the California Constitution, the costs of the District are apportioned by a formula or method that fairly distributes the net amount to be assessed among all assessable parcels in proportion to the special benefits to be received by each such parcel from the improvements. Article XIIIID requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Article XIIIID also requires the agency to separate the general benefit from special benefit and that only special benefits are assessable.

Each parcel within the District receives special benefits from the improvements due to the close proximity of the lighting improvements to each parcel. The proposed assessments for Fiscal Year 2006/2007 are at the same rate as in the prior Fiscal Year 2005/2006. Since the assessments are not new or increased, and are for streetlights, they are currently exempt from the procedures and approval process of Article XIIIID.

The cost to provide maintenance and servicing of the improvements within the District is fairly and equitably distributed among each assessable parcel based upon the estimated special benefits received by each parcel.

B. Benefit Analysis

The City Council, in determining the necessity of forming the District, took into account the increasing cost of providing services to the residents, businesses, and properties located within the City. The benefits of street lighting conferred upon the property within the District include the convenience, safety, and security of property, improvements and goods. Specifically:

1. Enhanced deterrence of crime and the aid to police protection.
2. Increased nighttime safety on streets through enhanced visibility.
3. Improved sense of security and safety for pedestrians, motorists and property owners.
4. Improved ingress and egress to property.
5. Reduced vandalism, other criminal acts and damage to improvements or property.
6. Reduced personal property loss.

The preceding special benefits contribute to a special enhancement and desirability of each of the assessed parcels within the District.

C. Methodology

Assessments proposed for individual lots within the District will be for special benefit received and will be determined based upon four benefit zones.

1. Residential parcels within the urban area having a minimal level of benefit.
2. Residential parcels within the urban area having a higher than minimal level of benefit.
3. Non-Residential land use within the urban area.
4. Rural land use outside the urban area.

The benefit to be received by each zone varies. There are residential properties within the urban area that have fewer street lights than other urban residential areas and thus receive less benefit. There are rural areas that have even fewer residential street lights than even the minimum urban residential areas and thus receive less benefit. The non-residential properties are generally sited along the major arterial streets and receive a higher level of street lighting and thus receive the highest level of benefit. These same levels of benefit are also reflected in the maintenance and servicing of traffic signals.

The benefit to properties for traffic signals and intersection and highway safety lighting on the City's major streets is a benefit to the parcels within the City. The parcels share equally the cost of the signal and highway safety lights. Thus, the total benefit to each parcel within the District is a combination of the traffic signal and highway safety lighting, plus the various levels of lighting for the residential (minimal), residential (standard), non-residential and rural zones as described above.

Properties within the District have been categorized into one of the four benefit zones. Each property has been given 1 Unit of Benefit subsequent to its categorization. Please refer to Section B "Assessment Calculation" of this report for further particulars on assessments per 1 Unit of Benefit.

For a detailed explanation of the basis for assessing properties for streetlights and traffic signals, refer to Section 6, "Assessment Basis," in the Fiscal Year 1982/1983 Engineer's Report for the District.

The City Council has determined that street lights and traffic signals are an integral part of the quality of life within the City and that the parcels within the City, except publicly and government owned ones, benefit to some degree from these systems.

Railroad, gas, water or electric utility or electric line rights-of-way included within the District will not be assessed for said benefit. In addition, public schools, government agencies, and parcels with no road frontage will not be assessed.

IV. DISTRICT BUDGETS

A. Estimated Maintenance and Servicing Costs

The maintenance and servicing of existing streetlight and traffic signal facilities is performed by either the Southern California Edison company, the State of California Department of Transportation or by the City through its own forces or contract personnel. The portion of the street light system owned and operated by the Southern California Edison Company is billed to the City on a monthly flat rate or metered basis. These flat rates or metered amounts vary based upon the type and size of luminaries and actual metered amounts.

A portion of the street lighting system is owned and maintained by the City. Electrical energy is purchased from the Southern California Edison Company at metered locations. Again, as with the Edison-owned lights, there are frequent increases in the electrical energy costs; however, with the City-owned system, these increases are termed "fuel cost adjustments".

The following information was received from the City's Budget:

Direct Costs

<i>Maintenance</i>	\$ 88,100
<i>Utilities</i>	161,000
<i>Capital Repairs/Improvements</i>	166,000
<i>Subtotal</i>	\$415,100

B. Assessment Calculations

For detailed assessment calculations, refer to Section 7, "Assessments," in the Fiscal Year 1982/1983 Engineer's Report for the Street Light Benefit Assessment District No. 1.

The total assessment necessary to maintain and service the streetlights and traffic signals in Fiscal Year 2006/2007 is estimated to be \$488,600. This cost minus any fund balance credit will be distributed among 5,364 parcels this year. The estimated balance to levy for Fiscal Year 2006/2007 is \$327,659.

Summary of Proposed Annual Assessments

Benefit Zones	FY 2006/2007 Assessment Per Units of Benefit	FY 2006/07 Units of Benefit	FY 2006/07 Levy Amount ⁽¹⁾
Residential (Surcharge)	\$ 56.14	3,744.00	\$210,188.16
Residential Condo (Surcharge)	\$ 56.14	421.34	23,653.60
Residential (Minimal)	\$ 38.00	662.00	25,156.00
Non-Residential	\$ 123.17	547.00	67,373.99
Rural	\$ 17.88	72.00	1,287.36
Total			\$327,659.11

⁽¹⁾ Variances due to rounding

Per parcel assessments are based on the number of 100 foot increments of front footage that a parcel has within its Assessment Zone. Developments with private streets, such as condominiums, have assessments based on the number of 100 foot increments of front footage along the perimeter of the development divided by the number of feet within the development. Front footage increments are rounded up to the nearest 100 feet. For example: A parcel with 267 front linear feet within the Residential Surcharge area is assessed 300 ft./100 ft. x \$56.14 per ft. = \$168.42.

Individual assessments for individual parcels within the District are tabulated in Appendix B of this Report.

The City Council will hold a public hearing to consider confirming, or modifying and confirming, the foregoing assessments for the 2006/2007 fiscal year. These assessments, if confirmed, will be transmitted to the San Bernardino County Auditor and recovered through taxes paid by property owners as is required by the 1972 Act.

APPENDIX A — DISTRICT BOUNDARY MAPS

The Boundary Diagram for the original district has previously been submitted to the Clerk of the City in the format required under the 1972 Act and is made part of this Report by reference.

The parcel identification, lines and dimensions of each parcel within the District are those lines and dimensions shown on the Assessor Maps of San Bernardino County for the year in which this Report was prepared and is incorporated by reference and made part of this Report.

APPENDIX B— 2006/2007 ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the San Bernardino County Assessor Parcel Maps and/or the San Bernardino County Secured Tax Roll for the year in which this Report is prepared.

Non-assessable lots or parcels may include government owned land, public utility owned property, land principally encumbered with public rights-of-way or easements and dedicated common areas. These parcels will not be assessed.

A listing of parcels within the District, along with the proposed assessment amounts, has been submitted to the City Clerk and, by reference, are made part of this Report.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller, and included on the property tax roll in Fiscal Year 2006/2007. If the parcels or assessment numbers within the District and referenced in this Report, are re-numbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and levy amount approved in this Report by the City Council.

APPENDIX C — RESOLUTIONS

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LOMA LINDA,
COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, INITIATING
PROCEEDINGS AND ORDERING THE PREPARATION OF AN
ENGINEER'S REPORT FOR STREET LIGHT BENEFIT ASSESSMENT
DISTRICT NO. 1 FOR FISCAL YEAR 2006/2007

The City Council of the City of Loma Linda (the "City"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, being division 15 of the Streets and Highways Code of the State of California (the "Act"), desires to initiate proceedings for Loma Linda Street Light Benefit Assessment District No. 1 (the "District") and for the levy and collection of assessments within the proposed District for the fiscal year 2006/2007, for the purposes provided therefore in the Act; and

The public interest and convenience require the City to initiate proceedings for the levy of assessments within the District for the fiscal year 2006/2007, for the purposes provided thereof in the Act; and

Section 22622 of the Act requires the City to adopt a resolution generally describing any proposed new improvements or any substantial changes in the existing improvements and ordering the Engineer to prepare and file a report in accordance with Article 4 of the Act.

WHEREAS, by adoption of Resolution No. 785, the City Council of the City of Loma Linda determined that the public interest, convenience and necessity required the installation, construction, and operation of street lighting and appurtenant facilities set forth in Section 22525 of the Streets and Highways Code, State of California, and the maintenance thereof within the incorporated boundaries of the City of Loma Linda as shown on the attached map; and

WHEREAS, MuniFinancial, 27368 Via Industria, Suite 110, Temecula California, 92590, was appointed "Engineer of Work" with all provisions of Division 15 applicable to the Engineer applied to said "Engineer of Work"; and

WHEREAS, Section 22622 of the Streets and Highways Code, State of California, requires that an Engineer's Report be prepared and filed annually, outlining the assessments to be levied against the properties within the assessment district; and

WHEREAS, Proposition 218, right to Vote on Taxes Act, was approved by the voters on November 5, 1996, added Articles XIIIIC and XIIID to the California Constitution which requires among other things, that beginning July 1, 1997, all existing assessments must be approved by at least 50 percent of the ballots cast by record owners subject to the assessment; and

WHEREAS, Proposition 218 exempts assessments which are used to operate and maintain streets, provided the assessments are not increased; and

WHEREAS, street lights and traffic signals are installed, maintained and operated for street purposes; and

Resolution No.
Page 2

WHEREAS, the street light assessments for fiscal year 2006/2007 are not increased over those imposed for fiscal year 2005/2006; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Loma Linda that:

1. The Engineer of Work is ordered to prepare the report for fiscal year 2006/2007 in accordance with Article 4, Division 15, of the Streets and Highways code, "The Landscaping and Lighting Act of 1972" of the State of California.

2. The assessments for fiscal year 2006/2007 are exempt from Proposition 218, based on the provision of Proposition 218.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
LOMA LINDA, COUNTY OF SAN BERNARDINO, STATE OF
CALIFORNIA, PRELIMINARILY APPROVING ENGINEER'S
REPORT FOR FISCAL YEAR 2006/2007 FOR STREET LIGHT
BENEFIT ASSESSMENT DISTRICT NO. 1

The City Council of the City of Loma Linda (the "City"), pursuant to the provisions of the Landscaping and Lighting Act of 1972, being division 15 of the Streets and Highways Code of the State of California (the "Act"), has ordered the preparation of an Engineer's Report and has filed said Report titled "Loma Linda Street Light Benefit Assessment District No. 1" (the "District") and has initiated proceedings for the levy and collection of assessments within the proposed District for the fiscal year 2006/2007, for the purposes provided therefore in the Act; and

WHEREAS, on the 18th day of April 2006, said City Council did adopt its Resolution No. ____ directing the Engineer of Work to make and file with the City Clerk of said City a report in writing as required by the Landscaping and Lighting Act of 1972 for fiscal year 2006/2007; and

WHEREAS, said Engineer of Work has made and filed with the City Clerk of said City a report in writing as called for in said Resolution and under and pursuant to said Act, which report has been presented to this Council for consideration; and

WHEREAS, said Council has duly considered said report and each and every part thereof, and finds that each and every part of said report is sufficient, and that said report, nor any part thereof, requires or should be modified in any respect; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Loma Linda that:

1. The Engineer's Estimate of the itemized costs and expenses of said work and of the incidental expenses in connection therewith, contained in said report be, and each of them is hereby preliminarily approved.
2. The diagrams showing the Assessment District referred to and described in said report, the boundaries of the subdivision of land within said Assessment District as the same existed at the time of passage of said Resolution, is hereby preliminarily approved.
3. The proposed assessment upon the subdivision of land in said Assessment District is in proportion to the estimated benefit to be received by said subdivisions, respectively, from said work and of the incidental expenses thereof, as contained in said report is hereby preliminarily approved.
4. Said report shall stand as the Engineer's Report for the purposes of all subsequent proceedings, and pursuant to the proposed district.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LOMA LINDA, COUNTY OF SAN BERNARDINO, CALIFORNIA DECLARING ITS INTENTION TO LEVY AND COLLECT ASSESSMENTS FOR FISCAL YEAR 2006/2007 IN STREET LIGHT BENEFIT ASSESSMENT DISTRICT NO. 1, AN ASSESSMENT DISTRICT; DECLARING THE WORK TO BE OF MORE SPECIAL THAN GENERAL PUBLIC BENEFIT; SPECIFYING THE EXTERIOR BOUNDARIES OF THE AREAS WITHIN STREET LIGHT BENEFIT ASSESSMENT DISTRICT NO. 1 AND TO BE ASSESSED THE COST AND EXPENSE THEREOF; DESIGNATING SAID DISTRICT AS STREET LIGHT BENEFIT ASSESSMENT DISTRICT NO. 1, DETERMINING THAT THESE PROCEEDINGS SHALL BE TAKEN PURSUANT TO THE LANDSCAPING AND LIGHTING ACT OF 1972; AND OFFERING A TIME AND PLACE FOR HEARING OBJECTIONS THERETO

The City Council of the City of Loma Linda (the "City"), pursuant to the provisions of The Landscaping and Lighting Act of 1972, being Division 15 of the Streets and Highways Code of the State of California, declares it's intention and does resolve as follows:

WHEREAS, That the public interest and convenience requires and it is the intention of the City Council of the City of Loma Linda, California, to order the following work be done:

1. Maintenance, operation and servicing of street lighting and traffic signals as authorized by Section 22525 of the Streets and Highways Code.
2. Any and all work and materials appurtenant thereto or which are necessary or convenient for the maintenance and servicing thereof; and

WHEREAS, The foregoing described work is to be located within roadway right-of-way and public utility easements within the incorporated boundaries of the City of Loma Linda more particularly described on a map which is on file in the City Clerk's Office entitled "Assessment Diagram Street Light Benefit Assessment District No. 1"; and

WHEREAS, That the contemplated work, in the opinion of said City Council, is of more special than general public benefit, and the said City Council hereby makes the expense of the said work chargeable upon a district, which said district is described as follows: All that certain territory of the City of Loma Linda included within the exterior boundary line shown upon that certain map entitled "Assessment Diagram Street Light Benefit Assessment District No. 1," indicating by said boundary line the extent of the territory included within the proposed assessment district and which map is on file in the Office of the City Clerk of said City; and

WHEREAS, Reference is hereby made to said map for further, full and more particular description of said assessment district, and the said map so on file shall govern for all details as to the extent of said assessment district; and

WHEREAS, The City Council of said City by Resolution No. ____ has preliminarily approved the report of the Engineer of Work, which said report indicates the amount of the proposed assessment, the district boundary, detailed description of improvements, and the method of assessment. The report titled "Engineer's Report For Street Light Benefit Assessment District No. 1 fiscal year 2006/2007" is on file in the Office of the City Clerk of said City, and was prepared for fiscal year 2006/2007 in accordance with the Landscaping and Lighting Act of 1972. Reference to said report is hereby made for all particulars for the amount and extent of the assessments and for the extent of the work; and

WHEREAS, The assessment shall be collected at the time and in the same manner as County taxes are collected. The Engineer of Work shall file a report annually with the City Council of said City and said Council will annually conduct a hearing upon said report, at which time assessments for the next fiscal year will be determined; and

WHEREAS, All the work herein proposed shall be done and carried through in pursuance of an act of the legislature of the State of California designated the Landscaping and Lighting Act of 1972, being Division 15 of the Streets and Highways Code of the State of California; and

WHEREAS, That by reference to Section 22595 of said Streets and Highways Code all railroad, gas, water or electric utility or electric line right-of-way included within said Street Lighting District No. 1 which will receive benefit will be assessed for said benefit; and

WHEREAS, All lots or parcels belonging to public agencies shall be omitted from assessments to be made hereafter to cover the costs and expenses of the work; and

WHEREAS, Although Section 4 of Article XIIIIC, of the California Constitution has a procedure of assessing parcels owned or used by any public agency, the State of California or the United States, Section 5(a) of said Article XIIIIC exempts any assessment to finance maintenance and operating expenses for streets, or street lights as an integral part of a street, therefore, the assessment of public parcels is exempt; and

WHEREAS, Published notice shall be made pursuant to Section 6061 of the Government Code. The publication of notice of hearing shall be completed at least 10 days prior to the date of hearing; and

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Loma Linda that:

1. Notice is hereby given that on the 13th day of June 2006 at the hour of 7:00 p.m., or as soon thereafter as possible, in the City Council Chamber at 25541 Barton Road, in the City of Loma Linda, any and all persons having any objections to the work or extent of the assessment district, may appear and show cause why said work should not be done or carried out in accordance with this Resolution of Intention. The City Council will consider all oral and written protests; and
2. The City Clerk shall certify to the adoption of this Resolution.
